

# LENOX WOODMASTER GT

## PREMIUM GROUND TOOTH BLADES FOR HIGH PERFORMANCE WOOD CUTTING

- EXCELLENT BLADE LIFE ON PORTABLE SAWMILLS AND RESAW**  
 Teeth are ground and induction hardened to keep the blade sharp.  
 High carbon backing steel reduces band breaks and allows multiple sharpenings.
- SMOOTH, STRAIGHT CUTS AT PRODUCTION RATES**  
 Deep gullet design effectively removes sawdust to minimize wavy cutting.  
 Durable tooth form cuts efficiently through hard knots.
- CUTS A WIDE RANGE OF SOFT AND HARD WOODS**  
 Precision set teeth cut a variety of wood types from pine and cedar to oak and maple.  
 Optimized to cut the most difficult wood including seasoned and frozen timber

Description	TPI	Tooth spacing	Hook angle	Side set	Application	Box of 10
1-1/4" x 110" x 0.035"	1.1	7/8"	10°	0.022"	General Purpose	225 \$CAN
1-1/4" x 132" x 0.035"	1.1	7/8"	10°	0.022"	General Purpose	240 \$CAN
1-1/4" x 142" x 0.042"	1.1	7/8"	10°	0.022"	General Purpose	254 \$CAN
1-1/4" x 144" x 0.042"	1.1	7/8"	10°	0.022"	General Purpose	259 \$CAN
1-1/4" x 156" x 0.042"	1.1	7/8"	10°	0.022"	General Purpose	278 \$CAN
1-1/4" x 158" x 0.042"	1.1	7/8"	10°	0.022"	General Purpose	288 \$CAN
1-1/4" x 162" x 0.042"	1.1	7/8"	10°	0.022"	General Purpose	296 \$CAN
1-1/4" x 167" x 0.042"	1.1	7/8"	10°	0.022"	General Purpose	304 \$CAN
